Mounting Scheme

Installation Instruction

- Pull pickup wire through the meter from bottom through the pickup hole. Place the end of the wire into the dead end hole and pull it tight. Determine where the exit of the pickup wire should be (front or side).
- Mount the meter with screws or double-sided tape. Mount only on flat surfaces. Bolting pressure must be under the display to avoid tension.
- SPARK PLUG WIRE MOUNTING
Wrap the meter pickup wire tight around the spark plug wire 4 to 5 times and fix it with the supplied tie wrap.
